### Red Convoys Are Blasted By Allied Bombers

Report Hundreds Of Red Trucks Hit In Air Attacks

By ROBERT SCHAKNE (U. S. Staff Correspondent)

EIGHTH U. S. ARMY HEADQUARTERS, Korea, Aug. 27—Speedy Allied fighter-bombers blast 31 enemy supply vehicles today to run the three-day total of Red trucks destroyed or damaged in Korea to well over the 900-mark.

U. S. Fifth Air Force Headquarters reported that light B-26 bombers hit more than 900 Red motor trucks Saturday and Sunday nights when the Communists were apparently trying to reinforce their forward units.

This morning at the break of dawn, fighter-bombers roared out to catch the stragglers and blasted 31 of them by noon.

#### Hit Red Convoys

In the two night attacks, the B-26s hit the Red supply convoys with fragmentation and fire bombs, and then skinned down at a low level to machine-gun the enemy trucks.

The B-26 group commander, Lt. Col. John Harrington, Waxahachie, Tex., reported:

"They tried to fool us by having only two or three vehicles spread through the convoy with their lights on. After we hit the first ones with our 'frag' bombs, the whole area lit up like a Christmas tree and we could see the others bunched up along the road."

Dry weather or some other conditions are causing autumn coloring of leaves in the county woodlands to appear early this summer.

Temperatures have been identical for the past two days, the records of the U. S. weather observing station here reveal. Saturday's and Sunday's maximum temperatures were the same at 80, and the minimum temperatures were also identical at 47 degrees.

Effects of the dry weather of the past few weeks are noticed in corn fields about the county. Some of the fields it was discovered by Pa News on Sunday were as brown as though a heavy frost had struck them. Unless a substantial rain falls, other fields will be almost a total loss, it is feared.

Erection of the fence along the new Shannock creek bridge at Grove street is progressing. Workers have almost completed their task of putting the steel fence in place. The bridge was opened some time ago without the fence. Steel cable was used to protect pedestrians from dropping off the bridge.

Although it was Sunday, work of every description was being performed along the New Castle-Ellwood road on Sunday afternoon. Among the odd tasks being performed were house building, tearing down a barn, mowing lawns, selling produce and repairing automobiles.

Charges Russia Behind Korea Negotiations

NEW YORK, Aug. 27—(INS)—Warren R. Austin, chief American delegate to the United Nations expressed the belief today that the failure of Communist aggression in Korea prompted Russia to call for cease-fire negotiations.

In an address before the Veterans of Foreign Wars of New York state, Austin declared that if the Soviets really want peace, "the place to show it is in Kaesong".

Meanwhile, he added:

"Our men are alert; they are in good defensive positions; and they are determined to hold them".

Husband Shot; Wife Arrested

Domestic Clash In Pittsburgh Home Has Tragic Turn

PITTSBURGH, Aug. 27—(INS)—A 33-year-old Pittsburgh roofing contractor fought for his life in South Side hospital today from two bullet wounds which police said were inflicted by his wife, the mother of the couple's three children.

Hospital authorities said Joseph Billante was resting quietly but his condition was still serious.

Police jailed his wife Dolores, 28, yesterday and charged her with felonious shooting with intent to kill.

The "new blood" was a quartet of state troopers. They arrested 34 players.

WASHINGTON, Aug. 27—(INS)—The government today begins the last step toward lifting the three-year old freeze on new television stations as it opens hearings on nearly 2000 city-by-city TV channel allocations.

Police quoted Mrs. Billante with saying she and her husband quarreled yesterday after he returned from visiting his uncle. She claimed, according to police, that her husband struck her, knocking her from a chair during the argument.

Homicide detectives charged Mrs. Billante went to a bureau drawer, took from it a .32 caliber revolver and fired three shots at her husband as he went down the stairs.

Hospital authorities said one bullet lodged in Billante's body. The second passed through his left side, and a third went wild through the front screen door.

Mrs. Billante, according to detectives, said her husband turned to her and said:

"Get a doctor. I'm hurt."

The Billantes have two boys, 11 and 9, and a six-year-old girl.

RESTAURANT LOOTED

LOS ANGELES, Aug. 27—(INS)—Five employees of the Roundup restaurant in Los Angeles were herded together and made to lie face down on the floor today while two holdup men looted the place of an undetermined amount of currency.

While the employees were lying on the floor one of the holdup men dropped a nickel in the cafe's juke box, which gave out with this strain:

"Pick yourself up, dust yourself off, start all over again."

NEW YORK, Aug. 27—(INS)—Charges of "pussyfooting" with Russia and her satellites were leveled today at the U. S. government by the head of the veterans of foreign wars. Charles C. Ralls of Seattle, VFW commander-in-chief, called on the government to end its soft attitude toward the Communist countries and give "Americans in those countries the protection to which they are entitled".

WASHINGTON, Aug. 27—(INS)—The Senate finance committee today is considering a tax on undistributed profits of cooperatives and mutual companies to offset some of the \$856 million dollars it has already cut out of the house bill.

### India's Action On Jap Treaty Is Aid To Reds

#### India Refuses To Sign Japanese Peace Treaty

By JOHN A. REICHMANN (U. S. Staff Correspondent)

WASHINGTON, Aug. 27.—U. S. officials today regard India's refusal to sign the Japanese peace treaty as an anti-American gesture and fuel for Russia's anticipated attack on the pact.

The State Department said that important sections of Premier Nehru's note rejecting an invitation to attend the conference in San Francisco September 4 seem to favor the Soviet Union strongly at the expense of the U. S.

#### Objections Set Forth

In detailed language, Nehru set forth his objections to the treaty as drafted by U. S. State Department Policy Advisor John Foster Dulles. These are:

1. No authority should be given for continued stationing of U. S. occupation troops in Japan after the treaty comes into force.

2. The Ryukyu and Bonin Islands should be given back to Japan.

3. Formosa should be given to Communist China at once.

In addition, India protested that Japan was not being given her proper place among the society of nations.

U. S. officials are puzzled as to why Nehru went to such pains to

RISING FLOOD WATERS THREATEN MEXICO NOW

### Rising Flood Waters Threat To Mexico Now

MEXICO CITY, Aug. 27—(INS)—Rising flood waters in the wake of last week's "killer" hurricane swirled over a one hundred mile area west of Tampico tonight, threatening Mexico with one of the worst disasters in its history.

Authorities said they expected the Mexican death toll—which already is close to 100—to go much higher as the flood waters recede. At least ten new drownings were reported through the inundated area and at least six thousand persons have been driven from their homes by the floods.

A half dozen towns were reported under six feet of water.

Tampico, itself, was reported almost marooned, with all communications cut off, and transportation in and out of the gulf coast city all but crippled.

Weather observers, meanwhile, were keeping a careful eye on the progress of a new storm—not of hurricane velocity, however—which has been creeping up along Mexico's west coast.

OPPOSITION DEPUTIES IN IRANIAN MAJLIS CAUSE UPRISING

Opposition deputies in the Iranian Majlis (lower house of parliament) caused an uproar yesterday when they attacked Premier Mohammad Mossadegh for ending the negotiations.

The attack was led by opposition leader Djemal Imami, who charged that the premier was guilty of a breach of parliamentary confidence and "doing nothing" tactics. Government supporters walked out of the chamber, and the body was adjourned until next Tuesday.

#### To Seek Settlement Basis

Meanwhile, it was learned that Grady will try to find some basis for a permanent settlement of the oil nationalism dispute.

He is expected to interview Mossadegh and other Iranian leaders

SEEK VOTE ON LIBRARY TAX

CITY COUNCIL PROPOSED TO LAUNCH TAX

NEW YORK, Aug. 27—(INS)—The City Council proposed, according to legislation launched today, to put before the electors at the November general election, the question of whether or not the tax rate for the non-secretary city public library should be increased from one-half a mill to three-quarters of a mill, or 7½ cents per one hundred dollars assessed valuation.

The action was taken at the request of the library board, which claims it has 15,000 borrowers, and it is no longer possible to operate the library on its present tax rate.

STRIKE IN CLEVELAND

CLEVELAND, Aug. 27—(INS)—Mass picket lines were set up today at both Cleveland plants of the White Sewing Machine Company, strikebound since Friday when contract negotiations with the CIO-International Union of Electrical Workers broke off.

Hospital attendants, however, said it was not known yet when the Indianapolis speedway president would be released.

Police believe the prowler entered the banker's home to look for drugs in the mistaken notion it was the home of a physician.

Doctors have residences on either side of the Stephenson home.

WHY WAS BATTLE BILL NOT APPROVED?

AKRON, O., Aug. 27—(INS)—Wilbur Shaw, famed auto racer who suffered a heart attack before the start of the soap box derby August 12, was reported in fair condition and improving today at Akron's city hospital.

Hospital attendants, however, said it was not known yet when the Indianapolis speedway president would be released.

# Copper Workers Nation-Wide Strike Looms

DENVER, Aug. 27.—(INS)—Some 58,000 members of the International Union of Mine, Mill & Smelter Workers went on strike today against the nation's non-ferrous metals industry.

The strike is expected to cut off about 95 per cent of the nation's copper output and curtail more than half its lead and zinc production.

Mine-mill union president John Clark announced in Denver that the strike began at 7 a.m. local time, after talks ended in a deadlock.

Clark said about 70 locals will participate in the strike, while about 130 locals will not be affected because of agreements settled earlier.

He said the strike will affect Colorado, Utah, Montana, Nevada, Idaho, Arizona, New Mexico, Texas, California and Washington.

The union official said the strike would not affect Canadian mine-mill workers.

In Washington, the White House did not have any immediate comment on possible presidential intervention in the dispute. It was indicated, however, that some White House action may come later in the day.

## Three More Cadets Seek Admission To Notre Dame

SOUTH BEND, Ind., Aug. 27.—(INS)—Three more dismissed West Point cadets have applied for admittance to the University of Notre Dame, bringing the total to 19.

The Rev. Louis Thornton, director of admissions, said today the three ousted cadets plan to take advantage of a "free education" offer made by an unnamed benefactor.

The cadets will not be permitted to participate in inter-collegiate athletics at Notre Dame.

nists had resisted cease-fire negotiations until Soviet Delegate Jacob Malik gave the Chinese and North Korean Reds the nod for opening truce negotiations, Austin said.

"After Mr. Malik's radio broadcast in June, the idea of a ceasefire was no longer a piece of American trickery. It suddenly became proof of the peaceful intent of the Soviet Union."

The aggression they gave the green light to in Korea backfired. New tactics were required. So, we have had talk of peace. We have had armistice negotiations.

"Now, as in the beginning, we are watching what they do more than what they say."

Austin noted that "the same man who for months denied any charge that a Soviet signal had launched the aggression, proved with his own words that a Soviet signal could bring hostilities to a standstill."

## MARY STOGA FETED AT BRIDAL SHOWER

Miniature white wedding bell favors tied with pink ribbon were the means of announcing the forthcoming marriage of Miss Mary Stoga to Garland Houk of Ellwood City when the bride-elect's sister, Mrs. Nelson Graham entertained at a prenuptial party at her home on the Ellwood road. Miss Virginia Bundur and Mrs. Emmet Graham were associate hostesses.

The favors disclosed the news "Mary and Garland, September 8." Refreshments were served at individual card tables prettily appointed in a pink and white color scheme. Lovely bouquets of pink and white gladioli added a festive note to the room.

Bridge and "500" were popular pastimes, with prizes going to Miss Helen Hannon, Mrs. Frank Faller, Mrs. Don Gordon and Miss Eleanor Klarer.

A huge white wedding bell centered a drum table with pink and white streamers attached, leading to collection of miscellaneous gifts for the bride-to-be.

Miss Stoga is the daughter of Mr. and Mrs. Felix A. Stoga of R.D. 1, Princeton road. Her fiance, Garland Houk, is the son of Charles L. Houk of Ellwood City, and the late Mrs. Houk. The couple's marriage will be solemnized in St. Joseph's rectory.

## COOPER-NIXON RITES IN LOVELY SETTING

At 3:30 p.m. on Saturday, August 25, at the First United Presbyterian church, Miss Ann Lockhart Cooper, daughter of Attorney and Mrs. Ralph A. Cooper of 322 Hillcrest avenue, was united in marriage with John Thomas Nixon, son of Mr. and Mrs. Thomas L. Nixon of R.D. 3.

Dr. Samuel E. Irvine, former pastor of the church and resident of Penny Farms, Florida, officiated at the double ring candlelight ceremony before a chancel decorated with cubitum ferns and white gladioli. Organ music was provided by Mrs. Jay L. Reed.

Given in marriage by her father, the bride wore a traditional ivory satin wedding gown with seed pearls on the collar and wrists. A satin Juliet cap encrusted with pearls held her fingertip-length illusion veil, and she carried an heirloom lace handkerchief. Her bouquet was composed of white gladioli and baby mums.

Miss Jeanne Cooper attended her sister as maid of honor. Miss Norma Nixon, sister of the groom, Miss Betsy Lockhart, cousin of the bride, Miss Betty Mather of Wayne, Pa., and Miss Beverly Hall of Hartsdale, N. Y., were bridesmaids. The maid of honor and the bridesmaids were attired in southern blue satin dresses with matching net skirts. They carried cascade bouquets of Picardy gladioli and white baby mums, and their headaddresses consisted of bands of white mums.

John Crawford Wallace, III, of Adel, Ga., served the groom as best man. The ushers included Robert L. Preston, Jr., Robert L. George, cousin of the bride, Sgt. John Edwin Jackson, and David E. Noble of Jackson Center, Pa., classmate of the groom at dental school.

A reception immediately following the ceremony was held at the home of the bride's parents.

The bride is a graduate of New Castle senior high school and a member of the June, 1951 graduating class of Bucknell University, where she was a member of Pi Beta Phi social fraternity and Phi Beta Kappa and Mortar Board honorary fraternities. The groom was a senior at the University of Pittsburgh Dental school and a member of the Delta Sigma Delta dental fraternity.

Following a motor trip to the Pocono mountains, Mr. and Mrs. Nixon will reside in Pittsburgh during the completion of Mr. Nixon's senior year at dental school.

The popular young couple was entertained at a number of prenuptial fetes. Mr. and Mrs. Thomas L. Nixon of R.D. 3, were hosts at a dinner for the families of the bride and groom-elect. Mrs. Paul W. Jarvis gave a tea at her home, 105 Englewood avenue, in honor of the bride-elect and Robert L. Preston, Jr., was host at a bachelor party for the groom-elect. A luncheon was also held at a New Wilmington tearoom by the prospective groom's co-workers at the Campbell Lumber company of New Wilmington.

Mr. and Mrs. Norman W. Lockhart, Mrs. Joseph M. George and Robert L. George entertained at a buffet supper for friends and families of the bride and groom-elect at 113 East Leisure avenue. Following the buffet supper, Mr. and Mrs. John C. Wallace, III were hosts at an evening party at 101 East Wallace avenue.

Friday evening a rehearsal dinner was held by Mr. and Mrs. Clyde M. Whittaker at the New Castle Country Club in honor of the prospective bride and groom.

Saturday morning Mr. and Mrs. Stewart P. Foltz entertained the wedding party and families of the bride pair-elect at a breakfast at their home on Clea-Moore boulevard.

## WHIELDON-ZIETLOW BEAUTIFUL WEDDING

Palms, lighted Candelabra with baskets of white mums and eustoma ferns created the background for one of the loveliest weddings of the season which united the lives of Miss Marston Ann Whieldon, daughter of Mr. and Mrs. William C. Whieldon, 326½ East Wallace avenue, this city, and Rudolph John Zietlow, Jr., son of Mr. and Mrs. Rudolph John Zietlow, Sr., of R.D. 6, Toledo, O.

Dr. G. S. Bennett officiated at the double ring candlelight ceremony before a chancel decorated with eustoma ferns and white gladioli. Organ music was provided by Mrs. Jay L. Reed.

Given in marriage by her father, the bride wore a traditional ivory satin wedding gown with seed pearls on the collar and wrists. A satin Juliet cap encrusted with pearls held her fingertip-length illusion veil, and she carried an heirloom lace handkerchief. Her bouquet was composed of white gladioli and baby mums.

The lovely blonde bride was escorted to the altar and given in marriage by her father. She wore a creation of imported Chantilly lace, designed by Portrait with a luxurious, wide, floor-length skirt and brush train, a figure-hugging lace jacket with long pointed sleeves and a tiny mandarin collar. Her fingertip veil of imported French illusion was caught to a chiffon Queen Anne headdress encrusted with seed pearls. She carried a small, white Bible which was presented to her as she retired from office as Grand Worthy Advisor of the Order of the Rainbow for Girls in Pennsylvania marked with a white orchid and adorned with white streamers and stephanotis. Her only jewelry was a single strand of pearls, a gift of the groom.

Attending the bride at the double-ring ceremony were her sisters, Miss Mary Martucci, who wore a lovely floor-length white green nylon net over satin, with strapless bodice, and Miss Delores Martucci, who wore a matching gown in shrimp color. Their flowers were white carnations centered with an orchid.

### Harriman-Tito Talks

By JOHN H. MARTIN

W. Averell Harriman may get some hot tips from Marshal Tito of Yugoslavia this week-end on just what is behind the "Red masquerade" in Korea.

He also may pick up some useful information on possible Communist strategy at the Japanese peace treaty conference in San Francisco Sept. 3, when Russia appears with a flushed "peace face" at the party.

### Lengthy Session

Presumably Harriman, American capitalist and government trouble-shooter, is going to have a lengthy session with Tito, the former Croat metal worker who has needed Premier Stalin's Kremlin plotters into a choleric rage by his successful three-year-old rebellion against Moscow rule.

Harriman is hopping from one danger point, oil-rich Iran where the Anglo-Iranian negotiations collapsed, to Belgrade, another possible path of Russian conquest.

President Truman says he doesn't know the purpose of the new "Communist masquerade" at the suspended armistice talks in Korea.

Maybe Tito doesn't know either. But he is one man in a good spot to make shrewd guesses and perhaps he can give Harriman tips on how to counter Russian strategy at San Francisco and elsewhere.

### Back To Washington

Harriman intends to get back to Washington a few days before the San Francisco battle begins.

Tito said last month he believed the Reds wanted a Korean truce only to clear the way for new aggression in Europe or Asia.

Tito has been cocky and retaliatory toward the stream of abuse from the Kremlin propagandists, but also genuinely concerned at the possibility of an attack on Yugoslavia by his Cominform neighbors, who conceivably could use "Russian volunteers".

## The Parent Problem

By Garry C. Myers, Ph. D.

Scattered inquiries among parents concerning television reveal their recognition in it of a great new and tremendously appealing medium for entertainment and education of their children.

Some parents, however, report that their children are irritable and harder to live with as a result of overstimulating TV programs, some of which lead to fatigued eyes and sleepless nights. Other parents complain that TV claims so much of the leisure time of boys and girls as to leave them little time for wholesale recreation, reading and other activities.

### Television Survey

According to a report in "Time", 18 viewers "sat in relays in a Manhattan hotel watching, for an entire week, all the shows telecast on seven TV sets tuned to each of the New York channels. Out of the seven-day ordeal, the viewers got (1) eyestrain, (2) recurrent headaches, (3) a low opinion of commercial television." They found that "Children's" programs got 12 per cent of TV's time, but many of the shows seemed to bear little relation to youngsters' tastes and needs."

Perhaps you read of the teacher who quit her job in Bergenfield, N. J., about a year ago because her pupils were "restless, excited and heaped up with energy," thanks to TV; that, moreover, they expected her to be an entertainer, not a teacher. Some other teachers say they find difficulty in interesting children in subjects which are less adventurous and exciting than TV programs.

Still some other teachers see the possibility of tying up children's strong interest in television with reading and other desirable activities. Also, a few parents report improved family relationship and better companionship as a result of TV in their homes.

As I reported earlier in this column, it was found from a study in the high school of Roselle, N. J., that the grades of children who watched TV regularly dropped 15 per cent. In another study made in Stamford, Conn., 15 per cent of the students said that TV interfered with their homework. In a third study showing an average drop in grades from a year and a half earlier, TV seemed actually to help with some subjects. The grades of students viewing TV for 14 hours a week or more showed the greatest drop in grades if they were "G" students or better.

In the Bulletin of the International Council for the Improvement of Reading Instruction, Prof. Paul Wittig of Northwestern university reports a study he made in Evanston, Ill., concerning children of the grades and kindergarten. Forty-three per cent of these children have television sets in their homes and spend an average of three hours daily watching them as compared with one and a half by those with no sets in their homes.

### Aid to Schoolwork

Sixty-seven per cent of the children thought TV did not help them in their school work, while 30 per cent thought it did. Fifty-five per cent of the parents who own sets approve the children's programs, while 15 per cent endorse certain programs only. It looks as if these parents don't care much.

Forty-eight per cent of the teachers express dissatisfaction with TV. They most often complain of low standards of educational offerings and poor quality of entertainment. Perhaps the greatest emotional perils of television are to the preschool child.

Dr. Wittig concludes: "The almost universal appeal of TV to children offers an unparalleled opportunity for influencing children in positive ways." The present indications are that this opportunity is being sold for a mess of pottage.

Russia keeps 10,000 men busy "jamming" broadcasts of the Voice of America, which Congressmen who have heard it claim is a great waste of effort as there's nothing worthwhile being broadcast.

## Washington Calling

(By Marquis Childs)

WASHINGTON, Aug. 27.—A new purge in Poland follows (Continued on Next Page)

which were only recently ratified by the Iranian parliament. Italy, to take another example, has received since World War II a total of \$2,400,000,000 in help from America.

Those in Washington following the disputes most closely believe Harriman did everything in his power to bring the British and the muddled regime of Premier Mosadegh in Teheran to an agreement. At one point the attempt at mediation seemed about to succeed.

### Illusory Days

But the hopes of 10 days ago were illusory. As so often in the years since the end of World War II, there has been illustrated once again what happens when an irresistible force meets an immovable object. The irresistible force, as in almost every middle and far eastern country, is nationalism—the fierce desire to be utterly and completely independent. This desire is fed in Iran by a fanatical religiosity and skillfully exploited by communism.

The immovable object, the Anglo-Iranian Oil company, had

had shown in the later phases a willingness to make fairly important concessions. Whether they came too late or whether any concession at any point during the past year could have brought agreement is a question no one can answer with finality. Informed persons are inclined to believe that if the effort at mediation so patiently and persistently carried out by Harriman was bound to fail, then it was impossible to achieve a settlement.

### Justify Stand

At the beginning to the Iranian crisis, the British advanced an argument in private to justify the adamant stand of the company. This was that the demand for nationalization of the foreign concern with its great resources was nothing more than smoke screen put up by the large landowners in Iran to divert attention from the popular demand for land reform.

There is considerable truth in that contention. The Iranian parliament is made up of the large owners who hold most of the available land in a poverty-ridden country. They would welcome any diversion turning attention away from their failures and the corruption and maladministration of the government they tried to prop up.

But to put this forward in justification of the attitude of the company in refusing months ago to recognize the realities of the Iranian situation is quite another matter. Not only in Iran but in many areas where the United States is spending large sums of money to keep out communism, inadequate or corrupt governments are temporarily forgotten. All they are doing is to shooe up the status quo. That is not enough. If it takes the present volume of dollars merely to sustain the patched-up order of the past, then it is obvious that if those dollars stop, then they must stop, communism will win by default.

### No U. S. Aid

Iran has received no U. S. aid other than a \$25,000,000 Export-Import bank loan, the terms of which are to be paid over a period of 15 years.

Congressional investigating committees have been used to evade witnesses maintaining, "I refuse to answer on the grounds that it might incriminate me," but one radio writer on the stand came up with a new one. Abel Green of Variety, reports that this witness pondered over a question momentarily, then had a long whispered consultation with his lawyer, and finally answered, "My counsel has just given me some advice I don't understand."

Absent-minded Professor Doppleburger pulled a prize one just before the Independence Day weekend. He drove to town for supplies, forgot that he had parked his car in the Radio City garage, took his usual commuter's train home and phoned his wife to bawl the daylights out of her for not meeting him at the station.

"You drove the car to New York this morning. Remember?" she pointed out sweetly.

"Apostrophe," said Professor Doppleburger, "I must be careful never to be so forgetful again."

He thereupon went up to the ticket window and bought a round-trip ticket to New York.

### WAYS TO USE SUMMER SQUASH

This is the time of year when squashes are plentiful in the garden and on the grocer's vegetable trays. The yellow crook neck and the white scalloped squash are old favorites. Zucchini and butternut squash are relatively newcomers in the vegetable field and are worth knowing. Zucchini is a cucumber-shaped green squash; the butternut is a smooth yellow-orange squash. Both have delicate flavors, different from other summer squashes.

Prepare zucchini squash as follows: Scrub the squash well with a brush, don't pare it. Cut in one-eighth inch slices and brown in hot vegetable or olive oil 10 or 15 minutes. Season with salt and paprika and serve hot. For butternut, pare, cut the neck in one-half inch slices. Remove seeds, cut into one-half inch slices. Roll slices in salted yellow corn meal and fry in hot bacon fat. Brown both sides, cover the skillet and cook the squash until tender. Entire cooking time is about 25 minutes. A tiny bit of sugar added to the corn meal enhances the flavor and aids browning.

## ELECTRICITY NOW AVAILABLE TO NEARLY ALL U. S. FARMS

Power Companies Celebrate August 26 to Sept. 1 as "FARM ELECTRIFICATION WEEK"

Electricity now is available to over 90 per cent of America's occupied farms. And the nation's electric light and power companies are emphasizing the virtual attainment of farm electrification during the week of August 26 to September 1.

In the territory served by Pennsylvania Power Company Farm Electrification Week has its own special meaning, for here nearly every farm is within 1/4 of a mile from our lines. Thus we've completed the task that the nation's electric companies began thirty or more years ago—the electrification of rural America.

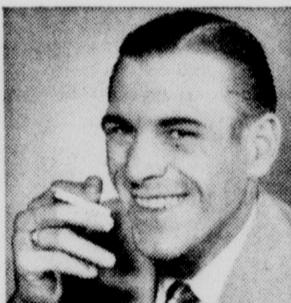

Through the efforts of the schools and universities, the power companies, farm organizations and manufacturers, the job of electrifying America's farms has been practically completed. In our own area, we can see the results of the completed task, with farming more productive, more profitable and more enjoyable. Within the short span of thirty years the goal of better farm living through electrification has been attained.

Follow the lead of these baseball stars and smoke Camels yourself. You'll soon see why—after all the mildness tests—

**Camel leads all other brands by billions!**

**BILL GOODMAN** of the Boston Red Sox and leading batter in the American League in 1950 has made the different mildness tests. His own 30-Day Test convinced him that Camels are the cigarette for him!

**'PREACHER' ROE**, star left-handed pitcher for the Brooklyn Dodgers, says, "I made the different tests you hear about, but it was the 30-Day Camel Test that made a hit with me! Camels are mild and taste great!"

**HANK BAUER**, heavy-hitting outfielder on the New York Yankees, agrees: "I've made the tests, too, and reports: 'I made the mildness tests—Camels have what I want—rich flavor and mildness. I'd walk a mile any day for a Camel cigarette!'

**BOB LEMON**, Cleveland pitcher—only pitcher in either league to win 20 or more games in each of the past 5 seasons—made the different tests and agrees: it's Camel. My own 30-Day Test proved how mild a cigarette can be!

**ED LOPAT**, star moundsman for the Yankees, has given different cigarettes a tryout. Says Ed, "I tried the cigarette mildness tests—my choice is Camel. My own 30-Day Test proved how mild a cigarette can be!"

**CARL FURILLO**, rifle-armed outfielder for Brooklyn, made the tests, too, and reports: "I made the mildness tests you read about. My own 30-Day Camel Test sold me. Camels taste swell—and they're mild!"

**Not one single case of throat irritation due to smoking CAMELS!**

THAT'S WHAT NOTED THROAT SPECIALISTS REPORTED AFTER EXAMINING THE THROATS OF HUNDREDS OF PEOPLE WHO SMOKED ONLY CAMELS FOR 30 CONSECUTIVE DAYS!

## Says Nation Must Prepare For New War

WASHINGTON, Aug. 27.—(INS)—Sen. Ferguson (R. Mich.) said today this country must prepare for a war that can be seen "on the horizon" but which he does not expect to come any closer because of America's ability to deliver atomic bombs on the enemy.

Ferguson warned, however, that some incident may explode at any time into global war.

He participated with three other members of the senate military appropriations subcommittee in the "meet your congress" Radio forum. The others were subcommittee chairman O'Mahoney (D. Wyo.; McClellan (D. Ark., and Saltonstall (R. Mass.).

O'Mahoney reiterated his belief that Russia does not want to precipitate war now. He argued that war can be staved off as long as the Kremlin knows this country has the power to drop atomic bombs "on the heart of Russia."

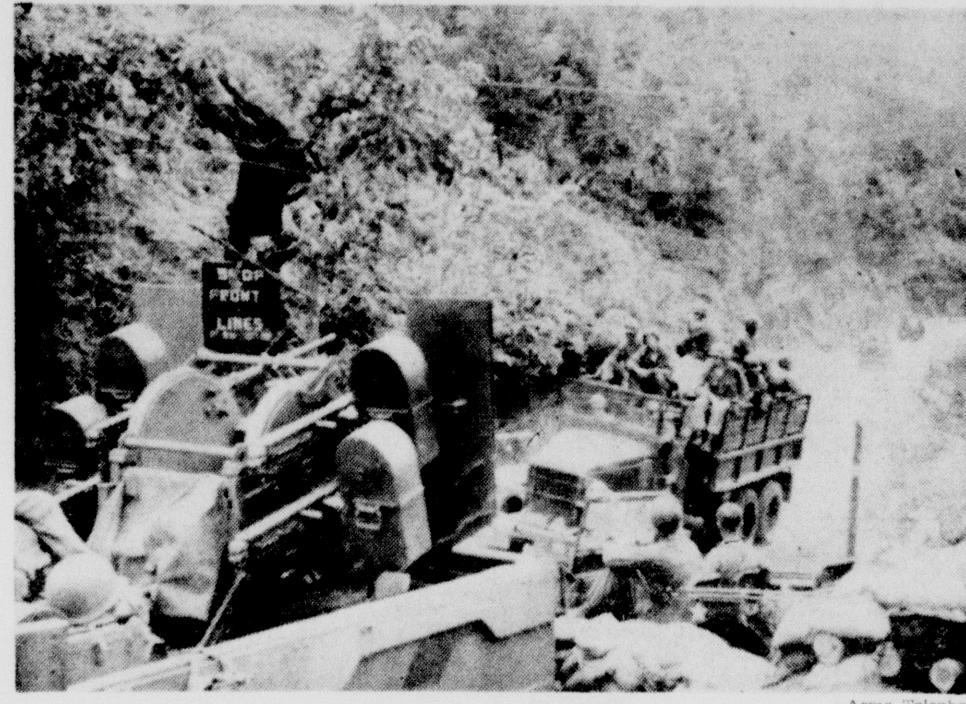

## Renovation Of Freight Cars Is Near Completion

PHILADELPHIA, Aug. 27.—(INS)—The Pennsylvania railroad announced today it has completed 90 per cent of its program to build and renovate 60,000 freight cars.

The railroad started the \$223,000,000 project last year to help end a freight car shortage. The freight car program was part of a general plan to spend \$588,850,000 on equipment and Diesel-electric power.

So far the railroad has reconditioned thirty-three thousand cars, an average of 150 per day. Delivery of new cars has been at the rate of 50 per day.

The new cars are expected to enable the Pennsylvania to carry an additional 62,000,000 tons of freight this year, an increase of ten per cent.

KOREA—United Nations patrol rolls back into Allied lines after probing Red defensive positions, as truce talks at Kaesong face a complete breakdown. Fighting on a large scale was resumed.

### No "Austerity" In Prospect Unless All-Out War Develops

WASHINGTON, Aug. 27.—(INS)—Defense production chief Manly Fleischmann said today that no "austerity" is in prospect on the home-front unless an all-out war develops.

In an interview with U. S. news and world report, Fleischmann pointed out that production in 1950 hit an all-time peak.

Despite a 35 per cent cut in automobile output in the third quarter, he added, production still equalled the 1949 rate which was the highest on record. He declared:

"Nothing like austerity seems to me to be on the books unless the military program grows."

Both the highest and the lowest points above sea level in the United States are in California.

### GEN. RIDGWAY MAKES MYSTERY TRIP TO KOREA

(Continued From Page One)

delegation, said that at one point during plenary truce sessions General Nam Il, North Korean delegate and nominal head of the Red group, showed signs of willingness to accept a battle front demarcation line.

This occurred, Nuckols said, before subcommittee from each side were appointed on August 17 to discuss the proposed "buffer" zone, The American officer said:

#### Show Indications

"Eight times in a fifty-four minute speech, Nam Il showed definite indications he had moved from the inflexible Communist stand that the 38th Parallel was the only acceptable situation for a buffer zone."

Nuckols told correspondents at the UN base near Kaesong that the following day Nam Il returned to the former Red attitude embracing a 38th Parallel buffer zone.

Nuckols added:

"I believe that either Nam Il had spoken out of turn on the previous day or that there was an overnight change in Communist policy. At the time it appeared that the Communists were on the point of turning around in their way of thinking."

The Reds broke off the talks last Thursday when they charged that a UN plane bombed the neutral Kaesong zone. In a stinging reply Saturday, General Ridgway stated the Red charge was trumped up and offered to resume the talks.

#### New Red Charges

In a series of new charges, Peiping radio voiced the assertion that the UN is guilty of "contemptible and barbarous conduct unprecedented in diplomatic history."

The Red radio charged that the Allies committed two new so-called "violations" of the Kaesong neutral zone over the weekend and asserted that "planes of American imperialism" flew over China several times last week.

In relating the alleged Kaesong incidents, Peiping said "a force of American and South Korean troops

carrying automatic weapons and carbines" approached Pan Mun Jom on the edge of the neutral zone Saturday and "attempted to murder members of our military police."

The Second Kaesong charge was carried in a Red radio statement which said that seven Allied planes flew over the neutral zone heading in a southwesterly direction Sunday afternoon.

General Ridgway, in previous messages to the Communists, has never accepted the Red contention that flights over the neutral zone constitute so-called "violations."

#### Pure Propaganda

By broadcasting the charges concerning flights over China, Peiping said that American planes were spotted over the cities of Chang-hai and Tsingtao and on "several occasions" last week flew over three provinces in central China.

A U. S. Far East Air Forces spokesman in Tokyo described the Red charges as "pure propaganda."

"It's the same old stuff," he added. "Usually we don't even bother to dignify those claims with a denial."

He said that a survey of Far East Air Forces operations showed that no Allied planes were anywhere near the China coast on the dates mentioned by the Communist radio.

**"Assignment; America"**

By INEZ ROBB  
(Reg. U. S. Pat. Off.)  
(Distributed By International News Service)

WILD OAT FARM, FLEMINGTON, N. J., Aug. 27.—When I heard the knock on the back door, I snapped on my bullet-proof vest, tip-toed out into the kitchen and quavered "Who's there?" through the keyhole.

"It's me, Bib Stanley," shouted the neighbor who owns the dairy across the way.

**Friend or Foe?**

"Friend or foe?" I demanded, as I unlocked the door, pushed away the kitchen table and opened the door.

"You sure got yourself barricaded," Mr. Stanley observed, as he walked in and shook the coffee pot.

"Well," I began, primly. "When Mr. Robb and I bought this place, we thought we were getting a nice, quiet rural retreat. No one warned us this was the cross-roads of the criminal world."

"We live a nice quiet life in New York," I continued, "and we certainly didn't come to the country to have a posse chasing through the flower beds every hour on the hour."

"And furthermore," I said as I poured two cups of coffee and banged the pot back on the stove, "policemen always have such big feet!"

"Yes, sir," said Mr. Stanley, as he stirred in the cream. "It sure has been a lively summer. I guess there hasn't been so much excitement in the county since the Lindbergh kidnaping case was tried in town in the courthouse in '36."

**Quiet City Folks**

"How do you think it makes quiet city folks feel to come down to the country and find that eight or ten or a dozen or more people have broken out of jail?" I began.

"There was only 14 in all, and they got four of 'em back right away," said Mr. Stanley defensively. "Wasn't it the darnedest coincidence that eight men should bust out of the reformatory over to Annandale and just a few hours later, six other guys would shinny out of jail in Flemington?"

"We didn't buy this little place in the country in order to come out here and live dangerously," I protested. "I never owned a bullet-proof vest before in my life. And now Mr. Robb is upstairs oiling up that gun he brought home from the war. We've never had to oil up a gun in New York! And I never had to buy a sedative to quiet my nerves, either, in the city."

**Not So Bad**

"Pshaw, it isn't as bad this time as it was last month when they put the barricades up along the roads," Mr. Stanley said soothingly, as he poured himself another cup of coffee.

"And," Mr. Stanley added quickly, "you can't rightly blame that July hullabaloo on this county, because that skunk was a pure stranger when he ran to earth out here in a corn field."

The state police just spotted him here as he was trying to drive to that stolen car and the kidnaped girl up north."

I don't care whether he was a stranger or blood brother to the country's oldest inhabitant, he was

never as bad as he was last month when they put the barricades up along the roads."

## Mass Airborne Assault, Part Maneuvers

FORT BRAGG, N. C., Aug. 27.—(INS)—Army authorities said today they are "extremely pleased" with the showing of troops in the two weeks of war games in the south.

The maneuvers ended yesterday at Southern Pine, N. C., in a mass airborne assault marred by an attacker near her Edinburgh hotel late last night.

The 25-year-old American, one of the principals in the presentation of "Don Giovanni" at the famed Edinburgh festival, was hospitalized with head, jaw and spine injuries.

Miss Warner told authorities: "I was on my way to the hotel when a man leaped at me and pulled a rope tightly around my neck."

Physicians at the hospital reported that the blue-eyed, blonde star had "a fairly comfortable night."

Final casualty toll in the 14-day operation rose to more than 3,000. Fourteen soldiers died.

Pfc. Salvadore J. Camarena was one of 1,800 paratroopers who jumped yesterday to relieve the 4,000 "attackers" who descended on Saturday. Hits main chute did not open and the 20-year-old trooper was killed after failing to get his emergency chute open in time.

More than 100,000 troops participated in the two-day exercise which ended with the "defenders" encircling the airborne "aggressors."

High army officials, including Lt. Gen. John R. Hodge, 3rd Army commander, all agreed that the war games were successful in helping prepare the participating soldiers for combat.

The 82nd Airborne division, which conducted the mock invasion from the skies, was singled out for smooth operation.

Of the 175 paratroopers injured in the jumps only 26 required hospitalization.

## Opera Star Is Brutally Beaten

EDINBURGH, Aug. 27.—(INS)—Glamorous Metropolitan Opera star Genevieve Warner was brutally beaten and robbed by an attacker near her Edinburgh hotel late last night.

The 25-year-old American, one of the principals in the presentation of "Don Giovanni" at the famed Edinburgh festival, was hospitalized with head, jaw and spine injuries.

Miss Warner told authorities: "I was on my way to the hotel when a man leaped at me and pulled a rope tightly around my neck."

## Sen. Martin Attacks Truman's Order To Disperse Industry

WASHINGTON, Aug. 27.—(INS)—Sen. Martin (R) Pa., said today the presidential order for dispersing defense industries is a "new form of bureaucratic tyranny" and "absolute proof that administration leaders do not understand the free enterprise system."

Sen. Martin charged that the order "Holds over thousands of working men and their families the danger that they may be forced to break up their homes and seek new jobs wherever the government directs industry to go."

Speaking to a Pennsylvania radio audience, he also charged that, in issuing the order on Aug. 10, President Truman "defied the will of Congress which a few weeks earlier refused to give him the power to order the dispersal of industry" as part of the new controls law.

The executive order directed that defense contracts, allocation of materials and emergency loans be restricted as much as possible to those industries in areas outside potential targets of atomic bomb attacks.

**LITTLETON-PATTERSON**  
An impressive double-ring ceremony marked the nuptials of Miss Dorothy Littleton, daughter of Mr. and Mrs. Clarence Littleton, of Akron, Ohio, when she became the bride of the Rev. Jack Patterson, pastor of the Wampum Methodist church on Sunday afternoon at 2:30 o'clock.

The ceremony took place in the Grace Methodist church in Akron, with the Rev. J. Frank Stewart officiating, in the presence of a large throng of friends and relatives. At the conclusion of the congratulatory period, a reception was held in the church social rooms.

Later Rev. and Mrs. Patterson departed on a post-nuptial trip, and upon their return will reside in Wampum.

## Decision On Housing Sought By Mayor Haven

Mayor John F. Haven, during council meeting Monday, said the time is here when council should make a decision as to what it proposed doing with a bill, which, if adopted, would ask for the erection by the Federal government of 150 low rent houses here. Upon motion of Councilman Joseph E. Medure, the bill was reported favorably from committee.

The measure, when passed finally, will authorize Mayor Haven to enter into a contract with the Public Housing Authority, and agency of the County of Lawrence to arrange for the project which before it is put through must be agreed to by the school board and the county of Lawrence.

The bill now pending final passage provides:

That if the said authority will contract with the federal public housing authority for loans, contributions or capital grants, pursuant to a congressional act, the city will, subsequent to the initiation of the low rent housing project, and within five years after the completion thereof, eliminate by various methods, an equal number (150) of dwellings.

It also binds the city to exempt all real and personal property taxes, by the city on the new project and in lieu, accept 10 percent of "shelter rent" charged.

The measure states that the county of Lawrence and school board shall concur in the agreement with the public authority.

### Burial Today Of Maj. Wm. V. Holohan

NEW YORK, Aug. 27.—INS—Maj. William V. Holohan, "cloak-and-dagger" officer allegedly murdered in Italy in 1944 by two of his own men, will be buried today in Mount Pleasant, N. Y.

Funeral services at St. Patrick's Cathedral in New York City will precede the interment at Gate of Heaven cemetery in the suburbs.

The Defense Department's announcement that Holohan was slain in an argument over giving aid to communist partisans in Italy has touched off strong demands for a full investigation by congressional committees.

130 E. WASHINGTON ST.

# Suspect Held In Probe Of Theft Of Auto

William Goslee, 23, of East Washington street, is held at police headquarters pending inquiry as to the theft of a new Dodge car from the Rick Motor Sales company basement showroom sometime Thursday.

His arrest by Cruiser Officers Tewell and Sigler occurred through an efficient teamwork directed by Sergeant Shields, Wallace and Smith.

Goslee is charged with larceny of an auto.

Sergeant Shields received word yesterday a Dodge had been abandoned in Sampson street. He ordered an investigation.

Police found in the car a note bearing the name of a Wampum man and wife, whom police interviewed.

They were told by the Wampum couple that their car had been in an accident Saturday night in West Grant street and they had given the driver of the Dodge their names.

Police obtained a description of the other driver from the couple.

Later police received from an East Cherry street man, information he had purchased a new Dodge and he wanted to know if the radio had been reported stolen.

Police examined the temporary license plates on the Dodge car and found they did not correspond with the serial number on the engine of the Dodge.

Police communicated with D. W. Birney, sales manager of the Rick company. They gained information from him stating that a car washer recently had been discharged and was disgruntled. His description fit with that given by the Wampum couple and the man who bought the radio.

At 12:45 a.m. today, Policemen Tewell and Sigler arrested Goslee at his home.

The officers who participated in the arrest were Sergeants Shields, Wallace and Smith, and Policemen Tewell, Sigler, Rozzi, Pszanny and D'Ambrosia.

## Suspect Held In Probe Of Theft Of Auto

William Goslee, 23, of East Washington street, is held at police headquarters pending inquiry as to the theft of a new Dodge car from the Rick Motor Sales company basement showroom sometime Thursday.

His arrest by Cruiser Officers Tewell and Sigler occurred through an efficient teamwork directed by Sergeant Shields, Wallace and Smith.

Goslee is charged with larceny of an auto.

Sergeant Shields received word yesterday a Dodge had been abandoned in Sampson street. He ordered an investigation.

Police found in the car a note bearing the name of a Wampum man and wife, whom police interviewed.

They were told by the Wampum couple that their car had been in an accident Saturday night in West Grant street and they had given the driver of the Dodge their names.

Police obtained a description of the other driver from the couple.

Later police received from an East Cherry street man, information he had purchased a car radio from a man driving a new Dodge and he wanted to know if the radio had been reported stolen.

Police examined the temporary license plates on the Dodge car and found they did not correspond with the serial number on the engine of the Dodge.

Police communicated with D. W. Birney, sales manager of the Rick company. They gained information from him stating that a car washer recently had been discharged and was disgruntled. His description fit with that given by the Wampum couple and the man who bought the radio.

At 12:45 a.m. today, Policemen Tewell and Sigler arrested Goslee at his home.

The officers who participated in the arrest were Sergeants Shields, Wallace and Smith, and Policemen Tewell, Sigler, Roza, Pszanny and D'Ambrosia.

# Will Jump On 84th Birthday

**So Declares MacFadden After Parachuting On 83rd Birthday**

NEW YORK, Aug. 27.—(INS)—"I'm going to jump out over Niagara Falls on my 84th birthday."

With these words the world's oldest strong man and vegetarian—physical culturist deluxe, Bernarr MacFadden—set his sights today on his next goal.

The 83-year-old muscle man, taking friends that "with age comes wisdom," hit the silk from a height of 2,000 feet over the Hudson river in a belated birthday celebration yesterday. He was born August 16.

Looking like a reverse Santa Claus with his red flannel under-wear and a parachute strapped on his chest, MacFadden had climbed into the plane and taken off from Teterboro, N. J., airport.

## Tossed Out Dummy

Before taking a dummy to see which way the wind would carry him when he went over the side.

Then the one-time publisher slipped out of the four-place plane and a line anchored inside the plane opened the chute as he fell downward.

MacFadden, who made his first parachute jump at the age of 81, landed in the Hudson about 10 feet from shore and lay helplessly in the water until rescued from his snarled 'chute lines.

Pulled from the waist-deep water, MacFadden declared:

"I feel fine, like a million. I'm going to jump out over Niagara Falls on my 84th birthday."

**"Winds Of Freedom"****Balloons Reaching Red Ruled Lands**

MUNICH, Aug. 27 — (INS) — Radio Free Europe reported today that its "winds of freedom" balloons are blanketing the Bohemia part of Czechoslovakia and stirring hope among the people in that Communist-ruled land.

The balloons which carry messages of hope behind the Communist "iron curtain" are being launched by the Crusade For Freedom organization.

The group announced last Friday that it had received word that the balloons were blanketing Prague, the Czech capital, and five other towns west of there.

It said the leaflets from the west have been received with "great enthusiasm" by Czechoslovakians.

**Reported Klan Beating Of Two Is Probed**

ANDERSON, S. C., Aug. 27 — (INS) — South Carolina authorities today investigated the Ku Klux Klan beating of two men at a fiery meeting designed to drum up new interest in the anti-Negro, hooded organization.

No reasons were given for the slugging of two white men at the Saturday night cross burning near Anderson but Police Chief C. C. Campbell of nearby Williamson said the victims are being guarded against possible further attacks.

The names of five eyewitnesses who reported the brutality were turned over to Anderson County Sheriff Quincy McClain, who is heading the investigation.

UP FOR SENTENCE IN  
CAR THEFT

Raymond Pompa and Philip Scassera, who are serving terms in the Western Penitentiary, on a charge of stealing automobiles and issuing fake titles on forms which they stole in Harrisburg, were before the court, Friday afternoon, charged with the theft of an auto-

mobile owned by Mrs. H. E. Heilig of Ellwood City. They were given a suspended sentence, inasmuch as they are already serving time on charges from Pittsburgh.

## Heart-Warming Jokes

A few good family jokes, especially if they're on the "old folks" are a decided asset in any home. Told over and over again, they remind us of the endearing faults of those we love.

The Jones children, for instance, even though they are now in their late teens, enjoy the story of the time their mother came home from a shopping trip not realizing that she had had her hat on backward the whole afternoon.

A variation on the absent-minded professor story is brought up in our home every now and again with considerable relish by the junior Osbornes. One morning, while apparently in deep thought, I came out of the bedroom quite unaware that I was trying a second necktie over the one I had earlier donned. And in spite of my protests that I'm not really the absent-minded-professor type, I have had a hard time maintaining my stand.

Jokes of this sort bring people closer together in feeling. Lucky is the family that has a store on hand. For usually they're a sign of fine, warm relationships in our day-by-day living.

which was held at the home of Mrs. Stock's mother, Mrs. Daisy Litzinger on Sunday.

Mr. and Mrs. James M. Byers and children were dinner guests on Sunday of the former's parents, Mr. and Mrs. J. W. Byers of Mer-

Mr. and Mrs. W. J. Wilkin Jr. and daughter, of Butler, visited the latter's parents, Mr. and Mrs. W. J. Wilkin Sr., on Sunday.

Custom of milking cows from the right side is almost universal, and probably arose out of man's preference for using the right cleaning fluids on them, however. After wiping, release the wringer rolls from tension by unscrewing them as far as they will go.

# New Castle Indians Will End Season Tonight With Twin-Bill

## Will Ring Down Curtain With Lockport, Hope For Playoffs

The New Castle Indians will ring down the curtain on the 1951 Middle-Atlantic league tonight, by meeting Lockport in a twin-bill at Flaherty Field, first game starting at 7 o'clock.

Unless Erie wins the second-half title, and it looks pretty doubtful now, the New Castle Indians can pack the suits in mothballs and hope for 1952.

Erie meets Lockport in three games to end the season, Niagara meets Butler at Butler tonight, and then the two teams head for Niagara Falls for a three-game series to end the season.

Today Niagara leads Erie by a few percentage points, but the teams are even in games back. The next three days will tell the tale.

Ciske Hurls Five-Hitter

Bill Ciske hurled a fine five-hitter in the nightcap game Saturday to give the Indians a split in the twin-bill after the Lockports had won the first game 19-4, the second game score was 9-2.

Manager Al Milnar took over the pitching duties for New Castle Saturday in the first game fifth inning, and gave up four hits, and six runs in 2 1/2 innings. Milnar cracked a homer in two trips to the plate. Bickel and Churchill preceded Milnar on the hill and gave up 17 hits and 13 runs between them. Manager Glenn Gardner did the Lockport hurling and scattered ten hits, never allowing more than two in any inning.

Kowalski Hits Three Homers

Sunday the Locks breezed into the last of the ninth ahead 9 to 3, and almost lost it, the Indians belting out six hits for five runs before Mills could get the side out.

Walt Kowalski upped his home run mark to 23 for the season over the weekend, getting one in each of the three games.

Indians Must Win Two

Tonight the Indians must win two from Lockport to get a .500 break in the second half and assure themselves of a possible play-off berth, providing there is a playoff.

Two Lockport players, catcher Eddie Kaminski and outfielder Soddy Groat were injured in attempting to tag Toles at the plate in the nightcap game Saturday and Great injured his hand on the

fence as he snagged a tremendous wallops from Rudy York, Sunday.

York Will Seek Record

Manager Al Milnar will use Ken Geer in the first game tonight in all probability, with Churchill or Bickel drawing the second game. Lockport has Pat McCullough for the first game, and either Kalski, Emory or Gardner for the nightcap.

Big Rudy York tried hard over the weekend to break the league home run mark of 38, but could not get one over the barrier. He has 36 unofficial homers to his credit, the league secretary says.

In the event of good weather tonight there will no doubt be several hundred dyed-in-the-wool fans in the stands to bid farewell to the Indians for the 1951 season.

## Dodgers And Indians Are Finding "Going" Rather Rough

### Brooklyn's Lead Now Six Games, Tribe Holds One

#### Splits Feature Sunday Bills

By HOWARD SIGMUND  
INS Sports Writer

NEW YORK, Aug. 27 — The Brooklyn baseball scene had ample cause for concern today. There was no justification for panic, but the Dodgers knew for certain that the coast is far from clear for a walkaway to the National League pot of gold.

**Dodgers-Bucs Split**  
The best the Dodgers could manage against the tailend Pirates yesterday was a hard-fought split, while the Giants swept the Chicago Cubs 5 to 4 and 3 to 1.

Pittsburgh came from behind to drop the Brooks, 12 to 11, in the first game and the Dodgers had to return the compliment in the afterpiece to win it, 4 to 3, to 3. Jackie Robinson's tenth-inning homer.

It was a hectic day for principals in the American league, adrenaline flag chase. When it was over, the Indians still had a one-game advantage over the Yankees.

**Feller Loser**  
A crowd of 75,997 fans in Cleveland saw the Tribe split a pair with the Boston Red Sox. Lefty Bill Wight blanketed them, 5 to 0, in the first game and homers by Sam Chapman and Luke Easter produced a 2-to-1 Cleveland win in the nightcap.

Bob Feller, out after win No. 21, was charged with his sixth loss in the first game.

**Yankees Split**

The Yankees failed to take advantage of the Indians split. They divided, too, with the Chicago White Sox. A double by Neilson Fox in the ninth gave the Palefaces the first game, 3 to 2, and the Bombers came back to win the second, 8 to 6, despite some last-ditch shenanigan by the Chisox.

In other American league tilts, Freddy Hutchinson of the Detroit Tigers blanked the Philadelphia Athletics, 6 to 0, on three hits and the Washington Senators took two from the St. Louis Browns, 9 to 3 and 9 to 1.

**Divide Twin Bills**  
In the National league, St. Louis and Boston split. The Cards won a first game slugathon, 12 to 10, and the Braves took the second, 9 to 1.

The Reds and Phillies also split.

Ewell Blackwell five-hitted his Cincinnati mates to a 4-to-2 first-game victory and rookie Niles Jordan whitewashed the Reds, 2 to 0, on three hits in the finale.

## Two New Castle Little Leaguers See Title Game

Two New Castle Little Leaguers and their managers were on hand at Williamsport Pa., to witness the Little League World Series which was won by Stamford, Conn., 3-0 over Tex.

Eddie Prosser and Tom Sumansky, both players for the Fifth Ward Little League team were taken to Williamsport by their co-managers, Nick George and Sonny Cambro.

A crowd of approximately 13,000 jammed every inch of space around Little League park to watch the nation's two top teams in action. Among the spectators were such well known sports celebrities as Cy Young, Frank Leahy, Lefty Gomez, Schoolboy Rowe and the famous sports announcer, Ted Husing.

The boys got a big thrill from the game which was a very tight pitcher's battle with Stamford's Andy Wasil striking out 16 batters and also shining at the plate by clouting a home run over the center field score board with one man on.

It is the ambition of both Eddie Prosser and Tom Sumansky to play in the Little World Series sometime in the very near future.

## Chief Danger Of War Is Possible Reds Miscalculation

BELGRADE, Aug. 27.—(INS)—Presidental Advisor W. Averell Harriman and Yugoslav Marshal Tito are in agreement that the chief danger of war may lie in "possible miscalculation by the Kremlin of readiness by western countries to meet aggression."

The American ambassador-at-large declared before leaving for Paris and England that he was impressed by the similarity of his own analysis and that of Tito on Soviet objectives and tactics.

In a news conference yesterday, Harriman related details of his meeting with the Yugoslav marshal Saturday at Brdo Castle. Tito's retreat in Slovenia. He said the conversations included discussions of American and western military and economic aid to Yugoslavia.

He said Tito is determined to build his country's military strength to prevent Soviet aggression.

## Gavilan Laying Title On Line

Meets Graham In Garden Wednesday

NEW YORK, Aug. 27—(INS)—Kid Gavilan lays his welterweight title and a victory streak of ten straight fights on the line Wednesday night when he meets Billy Graham in a 15-round championship bout at Madison Square Garden.

The bolo-punching Gavilan, making his first defense, rules a 2-to-1 choice to win the rubber match against the stylish Graham, who has had only one fight in 1951.

### Champion Favored

Gavilan and Graham each split a couple of close ten-round decisions before the Cuban dandy won his welterweight crown.

The lack of action in 1951 by the 29-year-old Graham has made the 25-year-old champion the early choice. Billy's only bout this year was an eight-round decision over Billy Jenkins August 9.

Gavilan has swept seven fights, including his 15-round decision over Johnny Bratton on May 18 that gave him the title.

The fight will be broadcast and telecast by the Columbia Broadcasting System beginning at 10 p. m. EDT.

### Erie To Scranton Toll Road Plan Is Vetoed By Fine

HARRISBURG, Aug. 27—(INS)—A proposed toll road to connect Erie and Scranton was shelved today following a veto by Gov. John S. Fine.

The chief executive's weekend message explained that since neither the Erie nor the Scranton extensions from the present turnpike are constructed the new link would "connect two presently non-existent extensions."

"Such a situation is by no means an orderly method of bringing about the expansion of our excellent turnpike system and would undoubtedly cause more harm than good," he said.

Fine said a better approach would be to pass such legislation when the other extensions are completed or under way.

"At that time it will be possible to more accurately gauge the need for such an extension and to pass appropriate legislation if it then seems advisable," he asserted.

# Paratroopers In Governor's Day Show On Sunday

INDIANTOWN GAP, Pa., Aug. 27.—(INS)—An airdrop of 70 paratroopers over Muir Field highlighted the annual Sunday Governor's Day for an estimated 40,000 spectators on hand for the review of 4000 Pennsylvania National Guardsmen training on the Indiantown Gap military reservation.

The drop from C-47's climaxed the ceremonies honoring Gov. John S. Fine and Lt. Gen. Edward H. Brooks, Second Army commander.

The reviewing party included Maj. Gen. Laurence B. Keiser commander of the Fifth Division training at Indiantown, State Adj. Gen. F. A. Weber and Pennsylvania's U. S. Senators Edward Martin and James H. Duff. Weber is commander of the PNG while Martin is a former PNG and 28th Division commander.

Spectators saw a wave of Mustang fighters "attack" a simulated enemy airfield against return "fire" preceding a smoke screen through which seven "sticks" of paratroopers dropped to earth and deployed.

The paratroopers were from the 457th Field Artillery Battalion in the 11th Airborne Division training at Ft. Campbell, Ky.

## Democrats See Slogan For Next U. S. Campaign

INDIANAPOLIS, Aug. 27.—(INS)

—Democrats of 15 mid-west states, back home today after a three-day party rally at French Lick are aware that the party's unofficial campaign slogan will be "peace and prosperity."

The Democratic chieftains at the meeting also were warned by National Chairman William M. Boyle, Jr., to brave themselves for bitter campaign fighting because the Republicans are "desperate."

A fighting speech by Price Boss Mike DiSalle also advised the leaders that the party's national policy will be to battle for strengthening of voting controls.

Voting experts likewise were unanimous in predicting that President Truman will be renominated and Vice-President Barkley, a speaker, gave the distinct impression that he will strive mightily for renomination.

The Veep went out of his way to proclaim his physical fitness, despite the fact that he is nearly 74 years old, a little item that is often mentioned by younger Democrats who aspire to his job. Barkley, at a news conference, said:

"Age is no obstacle to any of my activities. I work four times as hard now as I did 40 years ago and I feel just as well as I did then. I have never had a headache. I have never had indigestion. My weight is the same as when I was in college when I ran five miles a day. I could run five miles a day now if I had to."

## New York Stocks

### Stock Market Is Irregular

NEW YORK, Aug. 27.—(INS)—The stock market moved about uncertainly today. Strength in a few issues and softness in rails were the dominant characteristics of the early trading. The overall attitude in Wall Street was one of caution, however, pending clarification of the muddled Korean situation.

Western Union was a feature with a rise of 2 points following F. C. C. approval of higher telegraphic rates late last Friday.

Copper stocks held up fairly well in the face of the nationwide strike called for today.

Pivotal issues held around previous closings with nominal gains in Chrysler and General Electric, contrasting with fractional losses in Bethlehem Steel and American Telephone.

At 11 a. m. the Dow-Jones industrial averages were off 13 cents, the rails were down 25 cents and the utilities were up four cents.

Curb stocks were mixed. Big board bonds also were irregular.

Commodities were spotty, with grains higher.

### Council met Monday in city hall and requested the Institute of Local and State government, University of Pennsylvania, to correct on the zoning map that portion of Taylor street, which the city has zoned as a local commercial district. The map-drawers marked it as a light industrial zone.

Solicitor Robert White reported Monday he had been informed by Controller Edith Cleaveland that the delinquent property and personal taxes for 1950 and prior years, amounted to \$94,788.68, of which \$49,227, was for 1948, and prior years. Council exempted White of collection of the \$49,227. He explained it was largely owed by persons who had left the city or had died.
